TO RATIFY BOARD'S RESOLUTION (S)

To ratify the Board's resolutions passed by the Directors by way of circulation under clause 78 of the Articles of Association of the Company since the holding of the last meeting i.e 21-03-2024.

FUTURE PROSPECTS

The company is increasing its sales revenue gradually with the existing resources. The company is not short of export orders and it can increase in sale substantially subject to availability of funds. Recently, the mark up rate has declined significantly and it is expected that it will reduce further in the coming months. Now, therefore financial limits has become more feasible for exports. The Company can take benefit of this situation if the financial institutions provide adequate financial limits.

The management of the Company is determined to turn the unit as viable and profitable by improving cost effective measures and cost saving efforts in future.

(I) ON GOING CONCERN

The Company managed to settle all its outstanding issues with its key financial institution and executed an agreement named Scheme of Arrangement (SoA). The same SoA is fully implemented. The Gap between current assets and current liabilities is also reduced significantly to Rs.478.390 million which last year was at 1,043.84 million Reference note1.3.

(a) Disposal of Non-Core Assets

The all non-core assets as defined in SoA have been disposed of to the tune of Rs.1.664 billion As per terms of SoA 75% of the sale proceeds of these non-core assets which become Rs.1.233 billion was used for the repayment of debt and remaining 25%, equal to Rs.411 million utilized to meet working capital requirements of the company.

(b) Settlement/rescheduling of loans/finances with lenders

The company has entered into SoA with its lenders and all its liabilities rescheduled for 14 years. (Reference Note No.10.)

(c) Additional Working Capital Facility

With the successful implementation all terms of the SoA. During the year the banks have also allowed/enhanced the export based working capital lines.

(d) Induction of fresh equity

From the date of approval of the SoA till now, the sponsors injected total of Rs.808.90 Million fresh capital as director's loan. This has increased the operational viability of the company.

(II) EXPLANATION TO AUDITORS' OBSERVATIONS

- (a) Majority of the preference shareholders have opted to convert their shares into ordinary shares but the matter is pending with court. Reference Note. 5.3. Therefore we could not calculate the diluted EPS.
- (b) The management is of the view that deferred tax asset will be created and liability will be adjusted subsequently.

- (c) The company circulated the confirmation letters to all parties selected by the auditor. The Company remained non-operational for a long period of time therefore some parties were not responding which was beyond our control.
- (d) The company has properly disclosed the outstanding liability.
- (e) The company is hopeful that it will receive the outstanding amount. The company's management is now following up with the customers for the recovery. Therefore, need no adjustment in these balances.

CORPORATE SOCIAL RESPONSIBILITY

Your company fully understands its corporate responsibility towards the society by providing equal Employment opportunities for persons with disabilities and financial support to its deserving employees, contributing considerable amount to the national exchequer, applying solution for energy conservation and environment protection.

PATTERN OF SHAREHOLDING

The pattern of shareholding as at June 30, 2024, including the information under the code of corporate governance for ordinary and non-voting cumulative preference shares, is annexed.

BOARD OF DIRECTORS

The Board remained suspended from 08-01-2019 to 29-10-2021 due to liquidation of the Company. Consequent upon Recalling of winding up order on 29-10-2021 new Board was elected u/s 159 (5) of the Companies Act 2017 for the period of three years commencing from January 28, 2022.

BOARD MEETING

- I. Board meeting was held on 21-03-2024 for approval of Audited Accounts for the year ended June 30, 2023.
- II. Due to arrears of work on account of liquidation of the company no quarterly / half yearly financial statements of the instant year were prepared hence requisite Board Meeting could not be held.

CODE OF CORPORATE GOVERNANCE

The statement of compliance with the best practice of the code of corporate Governance is annexed.

AUDITORS

The External Auditors, M/s. RSM Avais Hyder Liaquat Nauman, Chartered Accountants, Faisalabad retire and being eligible offers themselves for re-appointment. The Audit Committee and the Board has also recommended their re-appointment as External Auditors of the Company for the next financial year 2025 and fix their remuneration.

(II)۔آ ڈیٹرز کے خدشات پر وضاحت:۔

- (a)۔ترجیحی حصدداران کی کثیر تعداد نے عام ثیئر زمیں تبدیل کرنے کی رضامندی دی ہے۔لیکن بیمعاملہ عدالتوں میں ہے(ریفرنس نوٹ 4.3)اس کیے حتی فیصلہ تک ترجیحی شیئر زعام ثیئر زمیں تبدیل نہیں ہوسکتے اس لیے DILUTED EPS وضع نہیں کی جاسکتی۔
- (b)۔انظامیہ کاخیال ہے کہ آنے والے سالوں میں مکمل پروڈکشن حاصل ہونے تک ڈیفریڈ ٹیکس ایسٹ بننا شروع ہوجائیگا۔اور ڈیفریڈ ٹیکس کی ذمہ داری اس میں ایڈ جسٹ ہوجائے گی۔

- c) کمپنی نے بیلنس کنفرمیشن کیلئے آڈیٹرز کے منتخب کردہ پارٹیز کوخطوط بھیج ہیں، چونکہ کمپنی لمبے عرصہ تک غیر فعال رہی ہے،اس لیے کچھ پارٹیز نے ان خطوط پر کوئی جواب نہیں دیا،اور بیہ معاملہ کمپنی کے دائرہ کارہے باہر ہے۔
 - (d)۔اداکرنے والی رقوم کومناسب طور پردکھایا گیا ہے۔
- (e) کمپنی پُراُمید ہے کہ واجبات الوصول رقم مل جائیگی کمپنی انتظامیه اس رقوم کی وصول کے لئے اقدامات کررہی ہے اس لئے واجب الوصول رقوم میں ایڈجسٹمنٹ کی ضرورت نہیں ہے۔

Independent Auditor's Review Report to the members of Chenab Limited

Review Report on the statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the listed companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Chenab Limited (the Company) for the year ended June 30, 2024 in accordance with the requirements of regulations 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon the recommendations of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2024.

INDEPENDENT AUDITOR'S REPORT

To the members of Chenab Limited

Report on the Audit of the Financial Statements

Qualified opinion

We have audited the annexed financial statements of Chenab Limited (the Company), which comprise the statement of financial position as at June 30, 2024, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion, except for the effects of the matters described in *Basis for Qualified Opinion section* of our report, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2024 and of the loss, other comprehensive loss, the changes in equity and its cash flows for the year then ended.

Basis for Qualified Opinion

- a) The company had issued cumulative, redeemable preference shares of Rs.800 million (currently outstanding Rs. 500 million) containing put option (note 5) and has not complied with the requirement of IFRS-9 with respect to accounting treatment of Compound Financial instruments including in prior years, which constitutes a departure from the said IFRS. Preference shares with a put option carries the dilutive effect as per IAS 33 Earnings per Share. The above mentioned accounting treatment restricts the true and fair presentation of the financial statements;
- b) The deferred tax liability of Rs. 784.93 million (2023: Rs. 29.22 million) has not been provided in the financial statements. Had the deferred tax liability been provided, the loss for the year would have been increased by Rs. 784.93 million (2023: Rs. 29.22 million) and accumulated loss by Rs. 784.93 million (2023: Rs. 29.22 million);

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING 

- c) 'Trade creditors' of Rs. 242.58 million (2023: Rs. 286.51 million) million and 'Contract liabilities' of Rs. 6.79 million (2023: Rs. 9.07 million) under head "Trade and other payables" include old outstanding balances. We could not verify the liability through direct confirmations or by applying alternate audit procedures. The effect of adjustments, had the liability been verified, could not be determined;
- d) Security deposit includes an amount of Rs. 8.35 million (2023: Rs. 12.82 million) which has not been kept in a separate bank as required under section 217 of the Companies Act, 2017;
- e) Trade debts of Rs. 19.15 million (2023: Rs. 12.94 million) and Advances to suppliers of Rs. 26.49 million (2023: Rs. 17.79 million) respectively are long outstanding balances. These outstanding balances, in our opinion are impaired against which no provision has been made. Had the provision been made, the loss for the year would have been increased by Rs 45.64 million (2023: Rs. 30.37 million) and accumulated loss by Rs. 45.64 million (2023: Rs. 30.37 million).

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty relating to Going Concern

The Company suffered financial difficulties. These condition as set forth in Note 1.3, indicate the existence of a material uncertainty which may cast significant doubt about the company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to matters described in the "Basis for Qualified Opinion" and "Material uncertainty relating to Going Concern" section of our report, we have determined the matters described below as the Key audit matters:

Key Audit Matter

How our audit addressed the key audit matter

Scheme of Arrangement under section 279 to 283 of the Company's Act, 2017

Refer to note 1.3 to the financial statements.

The Company had defaulted in making payments to its lenders (banks and financial institutions). One of the creditor approached Honorable Lahore High Court for winding up and the court ordered winding up of the company. The company filed an appeal before Honorable Supreme Court against the winding up order which was dismissed. The sponsors of the company filed scheme of arrangement before Lahore high court for compromise between the company and the creditors for reversal of winding up order.

The scheme of arrangement filed with the court involve significant judgments and estimates in relation to the future cash flows, rescheduling of existing loan and markup thereon, management plan about the turnaround policy of company to put it back on track for future operational improvement and compliance with the repayment of debt terms agreed in the scheme. The company's appropriate reclassification, disclosure and adjustments in respective account balances as required under the scheme of arrangement.

In this respect, we performed following audit procedures:

- We have obtained and reviewed the copy of scheme of arrangement agreed between company as approved by the court and creditors and discussed the same with the Company's management;
- We reviewed minutes of meeting whereby creditors formally agreed for revival of the company.
- We have reviewed the appropriateness of the revival plan presented under the scheme.
- We have reviewed the compliance with the terms of scheme of arrangement.
- We have discussed the matter with the company's legal advisor about the outcome of the cases lodged by the lenders not agreed upon scheme of arrangement.

Due to significance of reclassified amounts, adjustments involved in the financial statements, inherent uncertainties with respect to the outcome of cash flows projected and implementation of turnaround policy, use of significant management judgments in preparing the scheme, we considered the reclassifications and adjustments required in respective account balances of the financial statements as per the scheme of arrangement as key audit matters.

For further information about reclassification and adjustments in respective account balances reference may be made to relevant notes in the financial statements.

 We have reviewed the reclassification, disclosures and adjustments made in respective account balances in the financial statements as per scheme of arrangement.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement in this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

(a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);

- (b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year (c) were for the purpose of the Company's business; and
- (d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Hamid Masood.

(MUHAMMAD NAEEM) CHIEF EXECUTIVE OFFICER (MUHAMMAD FAISAL LATIF)
DIRECTOR

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2024.

1 GENERAL INFORMATION

1.1 Chenab Limited (the Company) is incorporated as a public limited company under the Companies Ordinance, 1984 (Now Companies Act 2017) and is listed on Pakistan Stock Exchange. The registered office of the Company is situated at Nishatabad, Faisalabad, in the province of Punjab. The principal business of the Company is export of all kinds of value added fabrics, textile made-ups, casual and fashion garments duly processed. Geographical location and address of business units/plants are following:

| Description | Location | Address |
|------------------------------|---------------|---|
| Registered/Head Office | Faisalabad | Nishatabad, Faisalabad. |
| Weaving Unit | Nankana Sahib | 7 K.M Main Faisalabad Lahore Road, Kotla Kalo Shahkot, Nankana Sahib. |
| Processing & Stitching Units | Faisalabad | Main Faisalabad Lahore Road, Nishatabad, Faisalabad. |
| Stitching Unit | Faisalabad | Jhumra road Gatti, Faisalabad. |

- 1.2 Pursuant to schemes of arrangement approved by the Honorable Lahore High Court, Lahore, assets, liabilities and reserves of Faisal Weaving (Private) Limited, Latif Weaving (Private) Limited and Chenab Finishing (Private) Limited were merged with the Company with effect from December 31, 1998 and assets, liabilities and reserves of Chenab Fibers Limited were merged with the Company with effect from April 01, 2003.
- 1.3 As at June 30, 2024 the accumulated loss of the Company is Rs. 8,144.85 million and the current liabilities exceed its current assets by Rs. 478.39 million. The Company has not redeemed preference shares on exercise of put options for three consecutive years by holders of preference shares due to tight cash flow situation. The Company has not been able to comply with terms of certain loan agreements. The Company was wound up by the order of Honorable Lahore High Court dated July 13, 2017 due to application filed by one of the creditor because of breach of debt covenants. The Company preferred an appeal before the Honorable Supreme Court against this order but leave of appeal was not granted and dismissed vide order dated January 08, 2019 and official liquidator was appointed under the winding up order. SECP has initiated proceedings for investigations under section 257 of Companies Act 2017, (Section 265 of the repealed Companies Ordinance,1984.) The company has challenged the order and the Honorable Lahore High Court has stayed the proceedings.

The sponsors of the Company filed a Scheme of Arrangement before Lahore High Court Lahore on January 20, 2021 u/s 279 to 283 and 285(8) of Companies Act, 2017 for reversal of winding up order whereupon a meeting was held on February 22, 2021 by the Share holders and Secured creditors of the company under the Chairmanship of lawyers duly appointed by the Honorable Lahore High Court Lahore. 100% contributories/shareholders and 90.40% Secured Creditors approved the said scheme of arrangement. Which was approved by the Court on September 14, 2021 and the Court issued Reversal of winding up order dated October 29, 2021 and Company was handed over to the management.

According to the Scheme of Arrangement the breakup of Principal Debt owed to each of the Lenders individually is bifurcated in the Tier 1 Debt consisting of Rs. 4,737,486,364/- and Tier 2 debt of Rs. 4,737,486,364/- aggregated to Rs. 9,474,972,728/-. Tier 1 debt shall be repaid in seven and half (7.5) years from the effective Date. The Tier 2 debt shall be repaid in six and a half (6.5) years from the earlier of (i) the date on which the Tier 1 Debt is repaid, and (ii) the date by which Tier 1 Debt is required to be repaid as per repayment schedule agreed under scheme of arrangement. There is slight updation in the repayment schedule described in note 10.1.1 of the financial statements.

The Company shall pay the Principal Debt and Mark-Up to the Agent Bank and the Agent Bank shall pay each lenders it's pro-rata share of such repayments.

Due to approval of scheme of arrangement by the lenders/financial institutions the management is confident that it's implementation will result in improvement in the financial and operational condition of the Company are discussed below:

(a) Disposal of non-core assets

The management was committed to dispose off non core assets, within the grace period of one year from the effective date on which scheme of arrangement was approved. Disposal proceeds of non core assets of Rs. 1.4 Billion will result in payment of loan amounts as well as injection in the working capital of the company for carrying out it's operations. The company has disposed off all of its non core assets required as per scheme of arrangement at a consideration of Rs. 1.6 Billion.

(b) Settlement / rescheduling of loans / finances with lenders

As per scheme of arrangement lenders/financial institutions payment of principal is rescheduled over the course of 14 years from the effective date. This will improve the financial health and also settle all the disputes with the lenders/financial institutions.

(c) Additional Working Capital facility

For the smooth operations, company needs additional working capital facilities from banks. The banks have agreed to provide working capital facilities under the scheme of arrangment. The lead bank and other financial institution have disbursed their share agreed under the scheme of arrangement.

(d) Induction of fresh equity

The sponsors had arranged an injection of fresh equity through sales of personal shares into the company by realizing Rs. 350 million as per Scheme of arrangment. However, to improve the financial health of the company the sponsors have further injected a sum of Rs. 458.90 million till the balance sheet date as subordinated loan since its revival.

The above mentioned steps will help to overcome the financial and operational problems of the Company. Considering management's plans and adherence to facilities approved under the arrangement as discussed in para (a) to (d) above, management is confident that the Company will be able to continue as a going concern.

- **1.4** These financial statements are presented in Pak Rupee, which is the Company's functional and presentation currency.
- **1.5** All the significant transactions and events that have affected the company's financial position and performance during the year have been appropriately disclosed in respective notes.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS's, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Application of new and revised International Financial Reporting Standards (IFRSs)

2.2.1 Standards, amendments to standards and interpretations becoming effective in current year

The following standards, amendments to standards and interpretations have been effective and are mandatory for financial statements of the Company for the periods beginning on or after July 01, 2023 and therefore, have been applied in preparing these financial statements.

Amendments to IAS1 - Disclosure of Accounting Policies

IAS 1 is amended to change the requirements with regard to disclosure of accounting policies. The amendments replace the term 'significant accounting policies' with 'material accounting policies'.

Accounting information is material, if when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements.

The IAASB has also developed guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments may require to disclose policy information relating to material transactions.

Amendments to IAS1 - Disclosure of Accounting Policies

The amendments replace the definition of a change in accounting estimates with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". The definition of a change in accounting estimates was deleted.

The amendments have no material impact on the company's financial statements.

- Amendments to IAS 12 - Deferred Tax related to Assets and Liabilities arising from a Single Transaction

The amendments introduce a further exception from the initial recognition exemption. Under the amendments, an entity does not apply the initial recognition exemption for transactions that give rise to equal taxable and deductible temporary differences. Depending on the applicable tax law, equal taxable and deductible temporary differences may arise on initial recognition of an asset and liability in a transaction that is not a business combination and affects neither accounting profit nor taxable profit.

Following the amendments to IAS 12, an entity is required to recognise the related deferred tax asset and liability, with the recognition of any deferred tax asset being subject to the recoverability criteria in IAS 12.

The amendments have no material impact on the company's financial statements.

- IAS 12 Application Guidance on Accounting for Minimum taxes and final tax

The Institute of Chartered Accountants of Pakistan has developed application guidance on accounting for Minimum taxes and final taxes. The guidance is made in the context of provisions of Income Tax Ordinance, 2001 to be applied by entities obligated to use accounting and reporting standards as applicable in Pakistan other than those entities which apply AFRS for SSEs.

The purpose of the guidance is to provide guidelines on accounting of minimum tax and final taxes under the requirements of relevant IFRS Accounting Standards and provide appropriate approaches to account for minimum taxes and final taxes in compliance with the requirements of IFRS Accounting Standards.

The subject matter of TR-27 is adequately covered in the guidance, the Council of the Institute, accordingly has withdrawn TR-27.

The impact on accounting of minimum taxes, final tax and normal tax under the tax laws in the financial statements is disclosed in Note 3.22.

2.2.2 Standards, amendments to standards and interpretations becoming effective in current year but not relevant

There are certain amendments to standards that became effective during the year and are mandatory for accounting periods of the Company beginning on or after July 01, 2023 but are considered not to be relevant to the Company's operations and are, therefore, not disclosed in these financial statements.

2.2.3 Standards, amendments to standards and interpretations becoming effective in future periods

There are certain standards, amendments to the IFRS and interpretations that are mandatory for companies having accounting periods beginning on or after July 1, 2024 but are considered not to be relevant or to have any significant effect on the Company's operations and are, therefore, not detailed in these financial statements, except for the following:

- Amendments to IFRS 10 and IAS 28 - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The amendments deal with situation where there is a sale or contribution of assets between investor and its associate or joint venture.

The amendments states that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in IFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

The effective date of the amendments have yet to be set by the Board, however earlier application of the amendments is permitted. The amendments are not expected to have any material impact on the company's financial statements.

- Amendments to IAS 1 - Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants.

Amendments to IAS 1 are made to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer
- That a right to defer settlement must exist at the end of the reporting period .
- That classification is unaffected by the likelihood that an entity will exercise its deferral right.

The amendments are effective for the annual periods beginning on or after January 01, 2024.

The amendments are not expected to have any material impact on the company's financial statements.

Amendments to IFRS 16 - Lease Liability in a Sale and Leaseback

The amendment to IFRS 16 Leases specifies the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains.

The amendments are effective for the annual periods beginning on or after January 01, 2024.

The amendments are not expected to have any material impact on the company's financial statements.

Amendments to IAS 7 and IFRS 7 - Disclosures: Supplier Finance Arrangements

The amendments specify disclosure requirements to enhance the current requirements, which are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

The amendments clarify the characteristics of supplier finance arrangements. In these arrangements, one or more finance providers pay amounts an entity owes to its suppliers. The entity agrees to settle those amounts with the finance providers according to the terms and conditions of the arrangements, either at the same date or at a later date than that on which the finance providers pay the entity's suppliers.

The amendments are effective for the annual periods beginning on or after January 01, 2024.

The amendments are not expected to have any material impact on the company's financial statements.

Accounting Standard – Non-Going Concern Basis of Accounting

The Institute of Chartered Accountants of Pakistan (ICAP) has issued accounting standards to specify the basis of accounting for a non-going concern entity.

The basis of accounting establishes principles and requirements for how the non-going concern entity shall account for and present effects of transactions, other events and conditions in its financial statements. This will enable users of the financial statements in evaluating the nature and financial effects of non-going concern position, financial performance and cashflows.

The Standard establishes principles and requirements that how a reporting entity when preparing financial statements on an assumption other than going concern should:

- a) Recognizes and measures in its financial statements, assets, liabilities, income and expense; and
- b) Discloses information

The amendments are effective for the annual periods beginning on or after January 01, 2024.

The amendments are not expected to have any material impact on the company's financial statements.

- Amendments to IAS 21 - Lack of exchangeability

The amendment to IAS 21 specifies how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking.

A currency is considered to be exchangeable into another currency when an entity is able to obtain the other currency within a time frame that allows for a normal administrative delay and through a market or exchange mechanism in which an exchange transaction would create enforceable rights and obligations.

If a currency is not exchangeable into another currency, an entity is required to estimate the spot exchange rate at the measurement date.

The amendments are effective for the annual periods beginning on or after January 01, 2025.

The amendments are not expected to have any material impact on the company's financial statements.

Amendments to IFRS 9 and IFRS 7 - Classification and Measurement of Financial Instruments

The amendments clarifies that a financial liability is derecognised on the 'settlement date', i.e., when the related obligation is discharged, cancelled, expires or the liability otherwise qualifies for derecognition. It also introduces an accounting policy option to derecognise financial liabilities that are settled through an electronic payment system before settlement date if certain conditions are met.

The amendments clarifies how to assess the contractual cash flow characteristics of financial assets that include environmental, social and governance (ESG)-linked features and other similar contingent features.

The amendments clarifies the treatment of non-recourse assets and contractually linked instruments.

The amendments requires additional disclosures in IFRS 7 for financial assets and liabilities with contractual terms that reference a contingent event (including those that are ESG-linked), and equity instruments classified at fair value through other comprehensive income.

The amendments are effective for the annual periods beginning on or after January 01, 2026.

The amendments are not expected to have any material impact on the company's financial statements.

IFRS 18 – Presentation and Disclosure in Financial Statements

IFRS 18 Presentation and Disclosure in Financial Statements replaces IAS 1 Presentation in Financial Statements. IFRS 18 introduces new categories and subtotals in the statement of profit or loss. It also requires disclosure of management-defined performance measures (as defined) and includes new requirements for the location, aggregation and disaggregation of financial information.

An entity will be required to classify all income and expenses within its statement of profit or loss into one of five categories: operating; investing; financing; income taxes; and discontinued operations.

IFRS 18 introduces the concept of a management-defined performance measure (MPM) which it defines as a subtotal of income and expenses that an entity uses in public communications outside financial statements, to communicate management's view of an aspect of the financial performance of the entity as a whole to users. IFRS 18 requires disclosure of information about all of an entity's MPMs within a single note to the financial statements and requires several disclosures to be made about each MPM.

IFRS 18 differentiates between 'presenting' information in the primary financial statements and 'disclosing' it in the notes.

IFRS 18 requires aggregation and disaggregation of information to be performed with reference to similar and dissimilar characteristics.

The amendments are effective for the annual periods beginning on or after January 01, 2027.

The amendments may have a material impact on the company's financial statements in future periods.

IFRS 19 - Subsidiaries without Public Accountability: Disclosures

IFRS 19, allows eligible entities to elect to apply reduced disclosure requirements while still applying the recognition, measurement and presentation requirements in other IFRS accounting standards. Unless otherwise specified, eligible entities that elect to apply IFRS 19 will not need to apply the disclosure requirements in other IFRS accounting standards.

The amendments are effective for the annual periods beginning on or after January 01, 2027.

The amendments are not expected to have any material impact on the company's financial statements.

2.2.4 Standards, amendments to standards and interpretations becoming effective in future period but not relevant

There are certain new standards, amendments to standards and interpretations that are effective from different future periods but are considered not to be relevant to the Company's operations, therefore, not disclosed in these financial statements.

2.3 Basis of measurement

These financial statements have been prepared under the "historical cost convention" except: -

- certain property, plant and equipment carried at valuation; and
- staff retirement gratuity carried at present value.

3. MATERIAL ACCUNTING POLICY INFORMATION

3.1 Staff retirement benefits

The Company operates a defined benefit plan - unfunded gratuity scheme covering all permanent employees. Provision is made annually on the basis of actuarial recommendation to cover the period of service completed by employees using Projected Unit Credit Method. Cumulative unrecognised net actuarial gains and losses that exceed ten percent of present value of defined benefit obligation are amortised over the expected average remaining working lives of participating employees.

3.2 Leases – (as a lessee)

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment.

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate.

Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the initial present value of lease payments, the Company uses the rate of implicit in the lease. If these rate cannot be readily determined the company uses its incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. The Company's lease liabilities are included in Interest-bearing loans.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

3.3 Trade and other payables

Liabilities for trade and other payables are measured at cost which is the fair value of the consideration to be paid in future for goods and services received, whether billed to the Company or not.

3.4 Provisions

Provisions are recognised when the Company has a present, legal or constructive obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. However, provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

3.5 Taxation

Tax Liability is based on taxable income at the current rates of taxation after taking into account available tax credits and rebates and charge / credit for prior years or minimum tax payable under the Income Tax Ordinance, 2001, whichever is higher.

Current tax

The charge for current taxation is calcualted on taxable income using the notified rate of taxation after taking into account tax credits and rebates available, if any is recognized as "current income tax expense".

Levies

Tax charged under Income Tax Ordinance, 2001 which is not based on taxable income and based on revenue or other basis other than taxable income is classified as levy. Minimum taxes in excess over the amount designated as income tax is recognized as levy falling under the scope of IFRIC 12/IAS 37.

Deferred

Deferred tax is provided, for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of recognised or settlement of the carrying amount of assets and liabilities, using tax rates enacted at the date of statement of financial position.

3.6 Dividend and other appropriations

Dividend is recognised as a liability in the period in which it is approved. Appropriations of profits are reflected in the statement of changes in equity in the period in which such appropriations are made.

3.7 Property, plant and equipment

Property, plant and equipment except freehold land and capital work in progress are stated at cost / revaluation less accumulated depreciation and impairment in value, if any. Freehold land is stated at revalued amount. Capital work in progress is valued at cost.

Depreciation is charged to income applying the reducing balance method at the rates specified in the property, plant and equipment note, except plant and machinery and electric installations. Plant and machinery is depreciated applying the unit of production method subject to minimum charge of Rs.10 million to cover obsolescence and electric installations are depreciated applying the straight line method over their economic serviceable life taken at 25 years.

In respect of additions and disposals during the year, depreciation is charged from the month of acquisition or capitalisation and up to the month preceding the month of disposal respectively.

Assets' residual values, if significant and their useful lives are reviewed and adjusted, if appropriate, at each statement of financial position date.

When parts of an item of property, plant and equipment have different useful lives, they are recognised as separate items of property, plant and equipment.

Gains or losses on disposal of property, plant and equipment are included in current income.

All expenditure connected with specific assets incurred during installation and construction period are carried under capital work in progress. These are transferred to specific assets as and when these assets are available for use.

Surplus arising on revaluation of an item of property, plant and equipment is credited to surplus on revaluation of property, plant and equipment, except to the extent of reversal of deficit previously charged to income, in which case that portion of the surplus is recognised in income. Deficit on revaluation of an item of property, plant and equipment is charged to surplus on revaluation of that asset to the extent of surplus and any excess deficit is charged to income. The surplus on revaluation of property, plant and equipment to the extent of incremental depreciation charged on the related assets and surplus realised on disposal of revalued asset is transferred to unappropriated profit / (accumulated loss).

3.8 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the statement of profit and loss account in the period in which these are incurred.

3.9 Impairment

The Company assesses at each statement of financial position date whether there is any indication that assets except deferred tax assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amounts. Where carrying values exceed the respective recoverable amounts, assets are written down to their recoverable amounts and the resulting impairment loss is recognised in profit and loss account, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use.

Where impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised recoverable amount but limited to the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit and loss account, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

3.10 Investment property

Investment property which is property held to earn rentals and / or for capital appreciation, is valued using the cost method i.e. at cost less any accumulated depreciation and any identified impairment loss.

Depreciation on investment property is charged to income on reducing balance method at the rate of 4% per annum. Depreciation on additions to investment property is charged from the month in which a property is acquired or capitalised while no depreciation is charged for the month in which the property is disposed off.

Repairs and maintenance costs are charged to income during the period in which they are incurred. Major renewals and improvements are capitalised.

Gains or losses on disposal of investment property if any, are recognised in current income.

3.11 Stores and spares

These are valued at moving average cost less allowances for obsolete or slow moving items, if any. Items in transit are valued at cost comprising invoice value and other charges incurred thereon.

3.12 Stock in trade

Stock in trade except wastes are valued at lower of cost and net realisable value. Cost is determined as follows:

Raw material Average cost

Work in process Average manufacturing cost Finished goods Average manufacturing cost

Wastes are valued at net realisable value.

Net realisable value represents the estimated selling price in the ordinary course of business less estimated cost of completion and estimated cost to make the sales. Average manufacturing cost consists of direct materials, labour and a proportion of manufacturing overheads.

3.13 Trade debts and other receivables

Trade debts are carried at original invoice amount less an estimate made for doubtful receivables based on review of outstanding amounts at the year end. Balances considered bad are written off when identified. Other receivables are recognised at nominal amount which is fair value of the consideration to be received in future.

3.14 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand, balances with banks, highly liquid short term investments that are convertible to known amount of cash and are subject to insignificant risk of change in value.

3.15 Foreign currency translation

Transactions in currencies other than Pakistani Rupee are recorded at the rates of exchange prevailing on the dates of the transactions. At each statement of financial position date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the statement of financial position date except where forward exchange contracts have been entered into for repayment of liabilities, in that case, the rates contracted for are used.

Gains and losses arising on retranslation are included in net profit or loss for the period.

3.16 Financial instruments

3.16.1 Financial assets

The Company classifies its financial assets at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of the Company's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

- Financial assets at amortised cost

Financial assets at amortised cost are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets, impairment losses, foreign exchange gains and losses, and gain or loss arising on derecognition are recognised directly in profit or loss.

- Financial assets at fair value through other comprehensive income.

Financial assets at fair value through other comprehensive income are held within a business model whose objective is both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- Financial assets at fair value through profit or loss.

Financial assets at fair value through profit or loss are those financial assets which are either designated in this category or not classified in any of the other categories. A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss in the period in which it arises.

Financial assets and liabilities are initially measured at cost, which is the fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently remeasured to fair value, amortized cost or cost as the case may be. Any gain or loss on the recognition and de-recognition of the financial assets and liabilities is included in the profit or loss for the period in which it arises.

Equity instrument financial assets are measured at fair value at initial recognition and subsequent to initial recognition. Changes in fair value of these financial assets are normally recognised in profit or loss. Dividends from such investments continue to be recognised in profit or loss when the Company's right to receive payment is established. Where an election is made to present fair value gains and losses on equity instruments in other comprehensive income there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment.

Financial assets are derecognised when the rights to receive cash flows from the assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership. Assets or liabilities that are not contractual in nature and that are created as a result of statutory requirements imposed by the Government are not the financial instruments of the Company.

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost and fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables, the Company applies the simplified approach, which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company recognises in profit or loss, as an impairment gain or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

3.16.2 Financial liabilities

All financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities at amortised costs are initially measured at fair value minus transaction costs. Financial liabilities at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the profit or loss.

Financial liabilities, other than those at fair value through profit or loss, are subsequently measured at amortised cost using the effective yield method.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange and modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in the profit or loss.

3.17 Offsetting of financial asset and financial liability

A financial asset and a financial liability is off-set and the net amount reported in the balance sheet, if the Company has a legal enforceable right to set-off the transaction and also intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

3.18 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business.

Sale of goods is recognised at a point in time when control of goods is transferred to customers.

Revenue from conversion receipts is recognised when services are rendered.

Rental income is recognised on time proportionate basis.

3.19 Non-current assets held for sale

Non-current asset (or disposal group) is classified as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition.

Non-current asset (or disposal group) classified as held for sale is measured at the lower of its previous carrying amount and fair value less costs to sell.

Non-current asset (or disposal group) classified as held for sale that no longer meet the criteria of classification as held for sale is transferred to non-current assets at the lower of :

- Its carrying amount before the assets were classified as held for sale, adjusted for any depreciation, amortisation or revaluation that would have been recognised had the assets not been classified as held for sale, and
- Its recoverable amount at the date of the subsequent decision not to sell.

Gains and losses on disposal of Non-current asset (or disposal group) held for sale are included

- in current income.

3.20 Related party transactions

Transactions with related parties are priced on arm's length basis. Prices for these transactions are determined on the basis of comparable uncontrolled price method, which sets the price by reference to comparable goods and services sold in an economically comparable market to a buyer unrelated to the seller.

3.21 Critical accounting estimates and judgments

The preparation of financial statements in conformity with IASs / IFRSs requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

Significant areas requiring the use of management estimates in these financial statements relate to the useful life of depreciable assets, revaluation of land, buildings, plant and machinery, electric installations and generators, contingencies, provision for doubtful receivables and slow moving inventory, staff retirement gratuity and estimate relating to provision for both current and deferred taxation. However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year.

3.22 Change in accounting policy of Taxation

During the year the Institute of Chartered Accountants of Pakistan (ICAP) has withdrawn the Technical Release 27 regarding treatment of final taxes and issued guidance - "IAS 12 Application Guidance on Accounting for Minimum Taxes and Final Taxes". The said guidance requires certain amounts of minimum tax and final tax to be classified separately as a levy instead of current tax expense.

Accordingly, the impact has been incorporated in these financial statements retrospectively in accordance with the requirements of International Accounting Standard (IAS 8) — 'Accounting Policies, Change in Accounting Estimates and Errors'. There has been no effect on the statement of changes in equity, the statement of cash flows and earning per share as a result of this change.

The effect of the change in accounting policy is summarised below:

- 5.1 The preference shares are non-voting, cumulative and redeemable. These are listed on Pakistan Stock Exchange. The holders are entitled to cumulative preferential dividend at 9.25% per annum on the paid up value of preference shares. In case profits in any year are insufficient to pay preferential dividend, the dividend will be accumulated and payable in next year.
- **5.2** In case the Company fails to redeem cumulative preference shares upon exercise of put options by the holders for any two consecutive years, the holders were entitled to convert the cumulative preference shares into ordinary shares at a price equal to lower of:
 - a) 75% of market value of shares or
 - b) 75% of book value (break up value) or
 - c) face value of shares

The date to exercise put options have been expired on September 25, 2010.

5.3

The holders of 55,080,498 cumulative preference shares called upon to convert preference shares into ordinary shares due to non-redemption of their holding on exercise of put options for two consecutive years. The Company proposed to issue new ordinary shares to preference shareholders holding 49,984,998 cumulative preference shares who have called upon to convert their shares, as per conversion formula laid down in the Prospectus (Refer above 5.2) and Articles of Association of the Company however 30,000,000 cumulative preference shares holder have agreed for redemption under the scheme of arrangement. SECP has initiated proceedings in the court of district and session judge at Karachi alleging trading activities of shares of the company in the manner prohibited under section 17 of Securities and Exchange Ordinance 1969. Since the subject matter of value for conversion of preference shares into ordinary shares is subjudice, the management will issue new ordinary shares against 19,984,998 preference shares on the disposal of the case filed by SECP. The matter of conversion of balance 5,095,500 cumulative preference shares is also pending till the resolution of matter in the court.

| Mortality | Adjusted SLIC 2001-05 | | |
|----------------|-----------------------|--|--|
| Disability | N.A. | | |
| Withdrawal | Moderate | | |
| Retirement age | 60 Years | | |

The above sensitivity analysis is based on change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (Projected Unit Credit Method) has been applied as for calculating the liability of staff retirement gratuity.

44.2 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

The Company's activities expose it to a variety of financial risks (credit risk, liquidity risk and market risk). Risks measured and managed by the Company are explained below:

44.2.1 Credit risk and concentration of credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties failed completely to perform as contracted. The maximum exposure to credit risk at the reporting date is as follows:

| | Rupees | Rupees |
|--------------------------|-------------|-------------|
| Long term deposits | 13,418,150 | 13,418,150 |
| Trade debts | 523,146,574 | 259,545,418 |
| Loans and advances | 14,069,512 | 2,844,192 |
| Deposits and prepayments | 6,182,967 | 8,947,685 |
| Other receivables | 1,643,190 | 1,695,690 |
| Bank balances | 70,534,731 | 70,700,545 |
| | 628,995,124 | 357,151,680 |

Due to the Company's long standing relations with counter parties and after giving due consideration to their financial standing, the management does not expect non performance by these counter parties on their obligations to the Company.

For trade debts, credit quality of the customer is assessed, taking into consideration its financial position and previous dealings. Individual credit limits are set. The management regularly monitor and review customers credit exposure. The aging of trade debts as at statement of financial position date is as under:

44.2.2 Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Company is facing difficulty in maintaining sufficient level of liquidity due to operating and financial problems being faced by the Company. Following are the contractual maturities of financial liabilities including interest payments as at June 30, 2024 and 2023;

| | 2024 | | | | | |
|----------------------------|-----------------|------------------------|--------------------|----------------------|-------------------|----------------------|

44.2.3 Market risk

Market risk is the risk that changes in market prices, such as interest rates, foreign exchange rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing returns.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Majority of interest rate risk arises from long term financing and short term borrowings from banks and financial institutions. The interest rate profile of the Company's interest bearing financial instruments is presented in relevant notes to the financial statements.

Sensitivity analysis

Sensitivity to interest rate risk arises from mismatches of financial assets and financial liabilities that mature or reprice in a given period. The Company manages these mismatches through risk management strategies where significant changes in gap position can be adjusted.

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit and loss, therefore a change in interest rates at the reporting date would not effect profit and loss account.

Cash flow sensitivity analysis for variable rate instruments

No impact of variation in interest rate with respect to long term financing has been considered as fixed rate (flat rate) of mark up has been provided in these financial statements as per scheme of arrangement, so change in interest rate has no impact on Company's income or the value of its holding of financial instruments.

Had the interest rate been increased / decreased by 1% with respect to short term borrowings at the reporting date with all other variables held constant, loss for the year would have been higher/ lower and equity lower/ higher by Rs. 1.77 million (2023: Rs. 0.35 million).

ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign currency risk arises mainly where receivables and payables exist due to transactions with foreign undertakings. The Company is exposed to currency risk on foreign debtors. The total foreign currency risk exposure on reporting date amounted to Rs. 372.60 million (2023: Rs. 183.93 million).

At June 30, 2024, if the currency had weakened / strengthened by 5% against the foreign currencies with all other variables held constant, loss for the year would have been higher/ lower and equity lower/ higher by Rs. 18.63 million (2023: Rs. 9.17 million).

iii) Equity price risk

Trading and investing in equity securities give rise to equity price risk. The company is not exposed to equity price risk.

44.3 Fair values of financial instruments

The carrying values of all the financial assets and financial liabilities reported in the financial statements approximate their fair values.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

44.4 Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

Debt is calculated as total external borrowings ('long term financing' and ' short term borrowings' as shown in the statement of financial position). Equity comprises of shareholders' equity as shown in the balance sheet under 'share capital and reserves' and net debt (net of cash and cash equivalent)

The salient information relating to capital risk management of the Company as of June 30, 2024 and 2023 were as follows:

| | | 2024 | 2023 |
|---------------------------------|---------|---------------|---------------|
| | Note | Rupees | Rupees |

44.5 Overdue loans and mark up

Under Scheme of Arrangement the past markup has been waived off under each lender agreement subject to the condition that company makes no default in making payment of Principal (Refer Note 10.1) and markup agreed under the arrangement as described below:

The mark-up on the Tier 1 Debt shall be 5% per annum and shall start accruing from the Effective Date.

The mark-up on Tier 2 Debt shall be 3% per annum. The Initial Tier 2 Debt Mark-Up shall start accruing from the Effective Date and such accrual shall end on the earlier of (i) the date on which the Tier 1 Debt is repaid, and (ii) the date by which the Tier 1 Debt is required to be repaid.

Thereafter, the mark-up on Tier 2 Debt shall accrue at 5% per annum.

Both Tier-1 Debt markup and subsequent Tier-2 Debt markup shall be paid within 03 years after the earlier of (i) the date on which the Tier 1 Debt and tier-2 Debt is repaid, and (ii) the date by which the Tier 1 Debt and Tier-2 Debt is required to be repaid.

The Lenders shall have the sole discretion to revise the quantum and applicability of the Tier 1 Debt Mark-Up, the Initial Tier 2 Debt Mark-Up, and the Subsequent Tier 2 Debt Mark-Up.

The Past Mark-up upto the Effective Date shall be calculated by aggregating:

- (a) Mark-up accrued but not paid under each Lenders' financing agreements as per the rate of mark-up under such financing agreement until the date of default; and,
- (b) (from the date of default under each financing agreement up to the Effective Date) mark-up equal to the cost of funds on the outstanding principal amount under each financing agreement at the rate of the cost of funds of the relevant Lender for each financing agreement.

44.6 Overdue Installments

On the reporting date, the installments of principals amounting to Rs. 4.29 million (2023: Rs. 457.34 million paid subsequently) were over due. This installment was not paid subsequently.

45. Date of Authorisation for Issue

The financial statements were authorised for issue on 03-12-2024 by the Board of Directors of the Company.

46. DIVIDEND FOR CUMULATIVE PREFERENCE SHARES

The dividend for cumulative preference shares amounting to Rs. 480.66 million (2023: Rs. 457.61 million) will be accumulated and payable in the ensuing years when the sufficient amount of profit will be available for appropriation.

47. RE-ARRANGEMENTS / RE- CLASSIFICATION

47.1 Corresponding figures have been rearranged and reclassified, wherever necessary, for the purpose of comparison. There were no significant reclassification / restatement to these financial statements during the year except as mentioned below.

Nomenclature of "Stores, spares and loose tools " has been changed to "Stores and spares" for better presentation.
